"I played a 1934 Martin 000-28... it belongs to Dawg! Thanks to him for the loan of it. I loved the thrill of playing with him and all the good times with Tracy and Dawg during the making of this recording, and many thanks for welcoming Clara, Rachel, Jay and me into their home! Thanks to dB Dave Dennison, our recording engineer. Thanks to Brian Penix and Craig Miller for help in making this project happen!"

- Tommy "CGP" Emmanuel

"It was a great musical treat for me to make this recording with the amazing "CGP" (certified guitar player). Tommy is truly a force of nature and his desire to play my music was a great honor. Tracy and I enjoyed having Tommy's (and dB Dave's) family share these wonderful days with us."

- David "Dawg" Grisman
